

# Labino® UV Blocking Spectacles

**MAKES IT BRIGHT**

## LIGHT WEIGHT | UV BLOCKING

These clear lens spectacles offer 99.9 % protection against ultraviolet radiation, provide optimum viewing contrast and help reduce eye fatigue.

The spectacles are lightweight and fit comfortably on the face, even over prescription glasses. Curved temples and raised nose bridge offer a precise fit. Side arm panels offer additional eye protection. The side panels are frosted and brow guard sections reduce glare and reflections.
