

Technical Specifications	TrAc Pack Standard	TrAc Pack PRO	TrAc Light	TrAc Light PRO
Operating time	1 hour, 20 minutes	1 hour, 20 minutes	1 hour, 20 minutes	2 hours, 30 minutes
Charging time from mains	4-5 hours	4-5 hours	approx. 3 hours	approx. 6 hours
Weight of hand unit	1.2 kg	1.2 kg	2.3 kg	1.1 kg
Weight of electronics/battery unit	4.4 kg	4.4 kg		2.4 kg
Option: Spotlight reflector	√	√	√	√
Option: Midlight reflector	√	√	√	√
Option: Floodlight reflector	√	√	√	√
Available as white light lamp (with bulb DL 35)	√	√	√	√
Available as UV light lamp (with bulb DUV-35W)	√	√	√	√
Delivered with PSU (either 115 V or 230 V)		√		
Delivered with charger	√	with special PSU	√	√
Plug in to mains and operate at the same time		√		√
Plug in to mains, charge and operate at the same time		√		
Delivered fully charged	√	√	√	√
Plug in and operate with cigarette cable		√ 3 meters		
Batteries	1 lead battery 12V 7.2 A	1 lead battery 12V 7.2 A	1 Lithium-ion 14.8 V	2 Lithium-ion 14.8 V
Requested re-charging	every third month	every third month	once a year	once a year
Maximum cable length between hand unit and electronic unit	8 meters	8 meters	compact model	8 meters
Standard cable length between electronic and hand unit	2.3 meters	2.3 meters	compact model	2.3 meters
Charger cable length	2 meters	2 meters	2 meters	2 meters
Maximum cable length between PSU unit and electronic unit	-	10 meters	-	-
Maximum cable length between PSU unit and wall	-	2 meters	-	-
Voltage 100 - 230 V	√	√	√	√
